

2022 Specialist Job Description

Ropes

Specialists are responsible for the direct facilitation of experiential education periods. Specialists work in specific program areas and teach myriad skills to campers of all ages. Specialists deliver the curriculum as presented to them by the Program Area Leader and Programming Department. Specialists report directly to their Program Area Leader. Specialists must be certified or willing to gain certification in all relevant areas (ex. Lifeguarding for Swim Instructor). Specialists main focus is to deliver education to campers; however, additional responsibilities throughout camp are required (ex. Evening camper supervisory duty in bunks).

The Ropes Specialist is responsible for teaching and facilitating teambuilding, high ropes, and climbing tower activities. Additional responsibilities related to operating the Ropes Course as directed by PAL. Must be belay certified or willing to be trained.

Must be experienced in camp programming and camper supervision, education focused, dependable, and flexible. 18+ years old preferred.

Roles/Responsibilities/Expectations:

- Be responsible for the general health and safety of all campers and staff
- Establish an atmosphere in which campers feel secure, happy, and included
- Supervise campers under their immediate care at all time
- Ensure campers and staff adhere to camp rules
- Act as a positive role model
- Participate in all camp activities and supervisory initiatives
- Cooperate with all other staff regarding matters of rules, safety, and program
- Other duties as assigned by CSL Director, Assistant Directors, and Program Area Leader

Dates:

Must be available for the entirety of the dates listed below.

- General Staff Orientation begins June 26th, 2022
- Camp season ends August 17th, 2022
- Other mandatory training dates TBD

Compensation:

- Approximately (7) paid days off during the Camp season
- Full time hours including days, nights and weekends
- Competitive pay plus Room and Board
